PART A: EXPLANATORY NOTES PURSUANT TO MFRS 134

1. Basis of Preparation

The unaudited interim financial statements for the 1st quarter ended 31 March 2021 of the Group have been prepared in accordance with Malaysian Financial Reporting Standards (MFRS) 134 "Interim Financial Reporting" issued by Malaysian Accounting Standards Board (MASB), paragraph 9.22 and Appendix 9B of the Bursa Malaysia Securities Berhad Main Market Listing Requirements, and should be read in conjunction with the Group's audited financial statements for the financial year ended 31 December 2020. The accounting policies, method of computation and basis of consolidation applied in the unaudited interim financial statements are consistent with those used in the preparation of the 2020 audited financial statements except for the changes arising from the adoption of the amendments to MFRS issued by MASB that are effective for the Group's financial year beginning on 1 January 2021.

(a) The amendments to published standards that are effective and applicable for the Group's financial year beginning on 1 January 2021

The amendments to published standards issued by MASB that are effective and applicable for the Group's financial year beginning on 1 January 2021 are as follows:

Amendments to MFRS 9, MFRS

Interest Rate Benchmark Reform (Phase 2)

139, MFRS 7 and MFRS 16

The adoption of the above applicable amendments to published standards have not led to any material impact to the Group's financial result, position or disclosure for the current or previous periods nor any of the Group's significant accounting policies.

(b) Early adoption of the amendment to published standards by the Group for the financial year beginning 1 January 2021

Amendment to MFRS 16 Covid-19-Related Rent Concessions beyond 30 June 2021

The Group has elected to early adopt Amendment to MFRS 16 Leases 'Covid-19-Related Rent Concessions beyond 30 June 2021', with the date of initial application of 1 January 2021.

In accordance with the transitional provisions provided in the MFRS 16 Leases amendment, the comparative information for 2020 was not restated. This amendment had no impact to the retained earnings on 1 January 2021. The early adoption of Amendment to MFRS 16 Leases 'Covid-19-Related Rent Concessions beyond 30 June 2021' has not been material to the consolidated financial statements of the Group.

7. Segmental Information (continued)

- @ Inter-segment operating revenue relates to inter-company revenue and has been eliminated at the respective segment operating revenue. These inter-segment trading arrangements are subject to periodic review. The inter-company revenue was entered into in the normal course of business.
- ^ Expenses incurred by corporate divisions such as Human Capital Management, Finance, Strategy and Regulatory, Company Secretary, Procurement and special purpose entities and foreign exchange differences arising from translation of foreign currency placements which were not allocated to a particular business segment are disclosed as part of shared services/others. These are considered non-operating segments.
- > unifi segment for the current quarter and comparatives include financial information of Webe Digital Sdn Bhd (webe) and its subsidiaries, reflective of webe's current customer profile in aligning to the Group's overall operational segmentation.

Information on segmental assets and liabilities have not been included in the disclosure in alignment with the information used internally to discuss segment performance and allocate resources. Significant portions of the Group's assets and liabilities are maintained and monitored at each entity level. Consistently across the Group, network assets are maintained and economically utilised and monitored as a single network at each entity level respectively, in generating the portfolio of products offered by each entity. The corresponding liabilities, including financing, are also similarly monitored.

The prior year comparatives have been restated for better comparability with alignment to current business structure. This includes the movement of TM Info-Media Sdn Bhd and Business Intelligence and Analytics division previously under unifi to Others and disclosing trade intra-Group transactions between TM WHOLESALE and webe in the comparative periods at net of impairment.

8. Material Events Subsequent to the End of the Quarter

There are no material events subsequent to the reporting date that require disclosure or adjustment to the unaudited interim financial statements.

The Group continues to closely monitor relevant indicators that may be affected adversely by the Covid-19 pandemic which would influence the estimates used in arriving to the Group's reported financial results. As part of the review of subsequent events, the Group assesses this on a monthly basis which includes review of forward looking macro-economic indicators used to determine expected loss rates of trade receivables and contract assets, as well as impact on expected cash flows attributable to the Group's assets. This is to ensure adjusting subsequent events are reflected in estimates, where relevant.

14. Restatement of Comparatives

During the financial period ended 31 March 2021, the Group has further redefined its rules and guidelines in respect of capitalisation of costs related to acquisition and development of software to be in line with MFRS 138 Intangible Assets. The transactions were previously accounted for under MFRS 116 Property, Plant and Equipment whereby certain costs related to acquisition and development of software were capitalised as part of property, plant and equipment.

The reclassification provides more reliable and relevant information on the Group's financial position and financial performance.

The reclassification has been applied retrospectively in accordance with MFRS 108 Accounting Policies, Changes in Accounting Estimates and Errors, and the impact on the current year and the comparative disclosures are shown as below:

Statement of Financial Position	As previously reported	Effect of the reclassification	As restated
As at 31 Dec 2020

PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD

1. Review of Performance

(a) 1st Quarter 2021 vs 1st Quarter 2020

(i) Group Performance

The Group's operating revenue increased by 9.9% (RM252.6 million) to RM2,809.7 million compared to RM2,557.1 million in the same quarter last year with increase in revenue for all services apart from other telecommunication services.

This led to the Group recording 81.4% (RM261.7 million) increase in operating profits before finance cost of RM583.3 million, from RM321.6 million recorded in the 1st quarter of 2020 on the back of operating costs that have been sustained at the same level recorded in the comparative quarter.

Consequently, the Group's profit after tax and non-controlling interests (PATAMI) was RM325.5 million, 113.4% (RM173.0 million) higher year-on-year from RM152.5 million.

(ii) Segment Performance

unifi

Revenue increased 7.5% (RM84.7 million) from RM1,123.3 million to RM1,208.0 million in the current quarter for both fixed broadband and mobile services, with cumulative fixed internet subscribers increasing in current quarter against the corresponding quarter last year.

Lower operating costs further contributed to an improved EBIT of RM258.3 million, compared to RM82.8 million in the corresponding quarter last year.

TM ONE

TM ONE recorded a 2.2% (RM21.3 million) increase in revenue from RM960.0 million to RM981.3 million in the 1st quarter of 2021 mainly contributed by data and other telecommunication services, net of lower internet and voice revenue which were affected by lower usage during the extended Movement Control Order period. Higher direct cost on customer projects and other operating cost in the current quarter however brought EBIT down by 6.1% (RM17.2 million) to RM266.1 million from RM283.3 million in the corresponding quarter last year.

1. Review of Performance (continued)

- (a) 1st Quarter 2021 vs 1st Quarter 2020 (continued)
- (ii) Segment Performance (continued)

TM WHOLESALE

TM WHOLESALE revenue for the current quarter increased by 33.7% (RM157.6 million) from RM467.8 million in 1st quarter last year to RM625.4 million, mainly from higher data revenue.

Correspondingly, on the back of an increase in operating cost, EBIT increased RM81.9 million from RM58.0 million to RM139.9 million in the current quarter.

2. Comparison with Preceding Quarter's Results

The Group recorded a 6.4% (RM191.6 million) revenue decline from RM3,001.3 million in the immediate preceding quarter to RM2,809.7 million in the current quarter with declines in voice, other telecommunication and non-telecommunication services whilst internet and data services continue to record quarter-on-quarter increase.

Operating profit before finance cost increased by 41.7% (RM171.8 million) to RM583.3 million from RM411.5 million recorded in the preceding quarter as the reduction in direct and other operational costs for the current quarter was greater than the overall revenue decline. This subsequently led to a 25.5% (RM66.2 million) increase in Group PATAMI from RM259.3 million in the preceding quarter to RM325.5 million.

3. Prospects for the Current Financial Year

Digital connectivity and solutions shall be vital in keeping Malaysians safely connected during this challenging period and will continue to be essential to Malaysia's socio-economic recovery. The rising demand for digital connectivity and solutions present new opportunities that TM will pursue towards ensuring seamless and resilient communications for our customers across all segments.

Digital adoption will play a vital role in the nation's economic recovery and growth. According to Bank Negara Malaysia (BNM), the information and communication as well as finance and insurance sub-sectors are poised to lead the recovery in the services sector as demand for digital solutions, especially in e-commerce and e-payment, continues to accelerate¹. We remain steadfast in our efforts to realise the national digital aspiration, MyDIGITAL, which the Prime Minister officially launched in February 2021.

As a significant contributor to the national fiberisation implementation (JENDELA), TM is in a prime position to support the 10-year digital aspiration. Via our enterprise and public sector business solution arm, TM ONE, TM provides a comprehensive range of connectivity, ICT, and digital solutions to support Government agencies' Cloud Transformation Plan.

Starting 2021, TM has embarked on a 'New TM' Transformation Programme (2021-2023), guided by our compass of Purpose, Customers, Performance, and People. Based on the TM current performance momentum, the Group is on track to achieve its 2021 targets and market guidance.
